filtered water vs tap water

There are 4 places that you can find the **MIRACLE WATER** that can cure all diseases and attract millions of people to drink it.

FRANCE

MEXICO

GERMANY

PAKISTAN

Scientific research has tested the "**miracle water**" and concluded that whether it is spring water from Lourdes, France or natural water from Nordenau, Germany, They are not much different from ordinary water. But there is one thing in common, they are rich in **active hydrogen**!

The water with the effect of improving diseases is natural water, which contains active hydrogen and can **eliminate free radicals**. At this point, the secret of the **miracle water** with a history of 150 years has finally been solved.

Obviously, the water that people call "**miracle water**" is rich in active hydrogen. Ordinary mineral water contains almost no active hydrogen.

Unleash the Power of Hydrogen

"In over 30 years of research into healthy aging, nothing has excited me more than the discovery of the efficacy and antioxidant power of hydrogen."
Allen V. Parione, M.D.

The books about Hydrogen Water in the market

What is Hydrogen water?

The benefits of hydrogen water

- 1. Reduce fatigue & boost vitality**
- 2. Remedy for allergies**
- 3. Promote cardiovascular & cerebrovascular health**
- 4. Cancer prevention & treatment**
- 5. Reduce diabetes**
- 6. Anti-inflammation**
- 7. Prevent & Reverse Degenerative Diseases**
- 8. Anti-Aging**
- 9. Slimming**
- 10. Improve memory & cognitive function.**

produce high-concentration hydrogen water (more than **1500ppb**)

**depends on local water quality

MCWAY Hydrogen Water System

External Filter ~Ceramic

Effectively remove 99.99% sludge, iron rust, bacterium, typhus fungus, vibrio cholerae, backwoods coli and substance that size up to 0.9 micron.

Filter 1~ Pre-Carbon

This Pre-carbon filter designed for removal of impurities such as residual chlorine, pigments, taste, odor, detergent, heavy metals & others.

Filter 2~ Resin Softener

It removes poisonous or organic contaminants from water. It reduces the dissolved Calcium, Magnesium and to some degree of Manganese and Ferrous ion concentration

MCWAY Hydrogen Water System

Filter 3~ Hydrogen

Alkaline Ionized water +Antioxidant+Hydrogen Breaking water molecules into smaller ones to make the water absorption by the body's cell easier.

Filter 4~ UF Membrane

This filter is made by thousands of single fibers tube. It ensures the removal of virus, bacteria, Cryptosporidium and giardia, it also effectively removes turbidity, and suspended solids.

Filter 5 ~Carbon Block

This filter is made by compressing the granular activated carbon. It has a high absorption function to absorb ethylene, dichloride, bleach, pesticide, chlorine, odor, color, harmful chemical materials and haloform.

Hydrogen water Q & A ?

1. Is hydrogen safe for humans?

Hydrogen is an endogenous gas. The anaerobic bacteria in the human intestinal flora produce large amounts of hydrogen. The gas exhaled by the human body contains hydrogen. Therefore, hydrogen is very safe for the human body.

2. How is hydrogen absorbed by the human body?

Hydrogen is the smallest molecule in the universe. It spreads to the skin, mucous membranes, bones, blood-brain barrier and organs

3. What are the benefits of hydrogen to the human body?

The biological value of hydrogen is very broad. The hydrogen removes harmful and malignant free radicals in the body through selective antioxidant action. The roles of antioxidants is beauty aging, anti-inflammatory, anti-allergic, anti-radiation, anti-fatigue, anti-cell mutation, anti-apoptosis, metabolic regulation, immunity regulation and tissue repair.

4. What is the oxidation effect of the body?

Oxidation problems include skin problems, cardiovascular and cerebrovascular problems, immune diseases, malignant tumors and aging. Drinking hydrogen water for a long time can improve skin tone, reduce spots and age spots.

5. Apart from drinking, are there other uses for hydrogen water?
Hydrogen can penetrate directly into the skin. The simple way is to use a dry mask to take water and apply it on the face. Good anti-oxidant cosmetic effect; patients with chronic rhinitis can flush the nasal cavity with hydrogen water. Dry eyes and cataracts patients can flush their eyes with hydrogen water.
6. The anti-inflammatory effect of hydrogen?
Long-term drinking of hydrogen water can relieve chronic inflammation in the body, at the same time improve immunity, enhance disease resistance, and reduce colds and fever symptom. Including otitis media, gingivitis, chronic bronchitis, chronic pelvic inflammatory disease and rheumatoid arthritis

7. Does hydrogen affect allergies?

The so-called allergies are mostly immune diseases caused by the environment and age. Allergies are inherently immune system issue. Long-term drinking of hydrogen water can greatly relieve contact dermatitis, eczema, measles, allergic asthma and allergic rhinitis.

8. Can I lose weight by drinking hydrogen water?

Drinking hydrogen water can promote lipid metabolism, regulate blood pressure and blood sugar, thereby reducing the complications of hypertension and diabetes and reducing metabolic syndrome achieves the effect of weight loss.

9. How effective is hydrogen water on diabetes and gout?

The improvement of diabetes complications is relatively fast. Generally, after drinking hydrogen water for 1 month, the complications begin to reduce or even disappear. Blood sugar begins to drop in about 3 months. If you insist on drinking for more than one year, the drug can be stopped gradually. For erections caused by diabetes Dysfunction also has a clear effect. Patients with gout generally drink for about 3 months and no gout attacks, and uric acid for 6 months to 1 year returns to normal levels.

10. What are the benefits for pregnant women?

The anti-radiation effect of hydrogen can avoid fetal radiation damage; anti-cell mutation can protect the normal development of the fetus; strengthen immunity prevent pregnant women from catching a cold and fever; metabolically prevent gestational diabetes and high blood pressure and reduce pregnancy reactions.

11. What experience does healthy people have when drinking hydrogen water?
 - a. The most obvious and fastest experience is anti-fatigue.
 - b. Drinking hydrogen water combined with a hydrogen water mask can significantly improve skin texture and complexion, lighten age spots, stains and other skin problems
 - c. Immunity is significantly improved, colds and fever will be reduced.
 - d. Long-term drinking can prevent various diseases and achieve perfect anti-aging effects.

12. Is it safe for children to drink?

At present, air pollution has reduced the immunity of many children. Drinking hydrogen water can improve children's disease resistance while preventing obesity and other common health problems in modern children.

13. When is the best time to drink hydrogen water during the day?

It is best to drink in the morning, before lunch and dinner, before and after exercise

THANK YOU
